In order to get an extension, we need to Receive the official letter (can be pdf) via email asking about extension and providing the time when you think you'll submit a QA document that expired. It will help if the reasoning is included.

Importance: High

Hi Martha... we are working on it and due to the COVID19 are a little delayed in getting it in to you for review. We were working more towards having it completed by the end of July... but I just found out that the Groundwater Monitoring Network QAPP (2017) needs to be updated at the conclusion of the August sample analysis and final results.

That would put us into getting it to you early September. Will that be acceptable?

Susan/Claudia and Martha:

I approved QARF with term & Condition that new QAPP has to be approved within 90 days from the date of grant approval. Please make sure that IDA is aware of it and submits new QAPP ASAP (last one expired 06/27/2020).

Thank you
